

DUNG (TRISTAN) VAN

PRODUCT DESIGNER

tristanvandsn@gmail.com

+84 767 518 197

tristanvanportfolio.com

Full-Stacked Product Designer with expertises in creating both physical and digital products. Skilled in user-centered design and user research methods, ideation and handsketching, product prototyping, and usability testing, delivering creative design solutions that balance functionality and aesthetics. Proficient in industry-standard design tools like **Solidworks, Fusion 360, Keyshot, Sketchup, D5 Render** and **Figma**.

EXPERIENCE

3D Designer

THACO Group (Full-time) - Automotive Industry

7 months

June 2025 - Present

HCMC, Vietnam

- Design shows, booths, events, exhibitions for THACO's Truck & Bus, and their partnership automotive companies including Kia, Mazda, BMW, Peugeot, and other Stellantis car brands.
- Creating products for advertising campaigns serving for THACO and its sub-holding companies, including souvenirs, accessories, gift boxes, awards, trophies, and printed materials.

Industrial Designer

Moon Group (Full-time) - Wood Industry

6 months

Dec 2024 - May 2025

Remote

- Design F&B products and supplies for hotels, resorts, coffee shops, and restaurants including but not limited to Hilton, New World, Park Hyatt, Intercontinental, and AKUNA.
- Come up with creative, problem-solving designs catering to the unique needs and requirements of clients, develop prototypes for usability, and overlook the production process.

3D Graphic Designer

FG Organization (Full-time) - Healthcare Industry

6 months

May 2024 - Oct 2024

Garden Grove, CA

- Developed high-quality 3D models and realistic renderings for FG's medicinal and care products, contributing to the visual accuracy and appeal of product presentations.
- Collaborated closely with graphic designers and filmmakers to integrate 2D and 3D graphics into advertising campaigns, enhancing the overall impact of visual content.
